

## IBM 000-635 Exam

**000-635: rational-fundamentals of rational rose**

**Practice Exam:** 000-635 Exams

**Exam Number/Code:** 000-635

**Exam Name:** rational-fundamentals of rational rose

**Questions and Answers:** 45 Q&As

**( IBM certifications II )**

Exam : [000-635](#)

We provide professional IBM 000-635 exam information and free demo for 000-635 certification exam's PDF. It is the best and the latest IBM Practice Exams. Download our 000-635 PDF. We are committed to your ongoing success. Free PassBible 000-635 exam and 000-635 Q&As are constantly being updated and compared to industry standards.

### **PassBible Test tool's advantages:**

#### **High Quality and Value of 000-635 exam**

PassBible IBM IBM certifications II 000-635 Practice Questions is developed and finished by IBM technical team , cover every field of the exam . Besides, we have verified 000-635 answers,almost 100% correct.

#### **100% Guarantee to Pass 000-635 Exam**

We promise to give you FULL REFUND if you fail the IBM certifications II 000-635 certification(IBM Certified Network Associate) with the use of our PassBible testing engine.

#### **000-635 Self Test Mode**

PassBible provides a simulated and interactive environment where you can test your knowledge and skills about 000-635 to ensure enough assurance in real testing center.

#### **Periodic Updates of PassBible 000-635**

Once there is some change on IBM 000-635 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

#### **Professional and Efficient Service**

We offer 7\*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

This 000-635 pdf demo do not include the questions and answers's picture.

Exam : IBM 000-635

Title : Rational-fundamentals of rational rose

1. What type of line represents a link in Rose?

- A. A dashed line with an arrow drawn between objects in both types of interaction diagrams
- B. A solid line drawn between objects in a collaboration diagram
- C. A dashed line drawn between objects in both types of interaction diagrams
- D. A solid line with an arrow drawn between objects in a sequence diagram

Answer: B

2. How many use case realization packages must be set up?

- A. Zero
- B. One package for each use case
- C. No more than 10
- D. As many as needed to represent the use cases selected for the iteration

Answer: D

3. What symbol represents an aggregate association?

- A. A solid line with an arrow pointing to the aggregate (whole)
- B. A dashed line with no arrow pointing to the aggregate
- C. A solid line with no arrow pointing to the supplier
- D. An open diamond next to the class denoting the aggregate (whole)

Answer: D

4. What are the elements of a class specification? (Select all that apply.)

- A. Operations
- B. Visibility
- C. Object stereotype
- D. Attributes
- E. Relationships

Answer: ABDE

5. You can link one diagram to another using both notes and free text.

- A. True
- B. False

Answer: B

6. What standardized, common vocabulary is used in visual modeling?

- A. OMT
- B. UML
- C. Analysis
- D. Booch

Answer: B

7. A link is a semantic connection between two objects.

- A. True
- B. False

Answer: A

8. The use-case model serves as a contract between the customer and the developers.

- A. True
- B. False

Answer: A

9. You can auto generate a collaboration diagram from a sequence diagram by pressing F6.

- A. True
- B. False

Answer: B

10. How many types of UML diagrams can be created?

- A. Four
- B. Five
- C. Six
- D. Seven

E. Eight

Answer: E

11. All use cases are identified during the inception phase of a project.

A. True

B. False

Answer: B

12. What are the elements in a use case diagram? (Select all that apply.)

A. Actors

B. Classes

C. activity

D. Relationships

Answer: AD

13. What type of line represents a message?

A. A vertical dashed line with an arrow, indicating the message direction

B. A vertical solid line with an arrow, indicating the message direction

C. A horizontal solid line with an arrow, indicating the message direction

D. A horizontal dashed line with an arrow, indicating the message direction

Answer: C

14. Interaction diagrams provide basic input for determining class responsibilities and interfaces.

A. True

B. False

Answer: A

15. What are activity diagrams related to? (Select all that apply.)

A. Class diagrams

B. Statechart diagrams

C. Deployment diagrams

D. Flow of events in a use case

Answer: BD
