

## IBM 000-M35 Exam

### **000-M35: IBM Info Management Infomix Dynamic Server Technical Mastery**

**Practice Exam:** 000-M35 Exams

**Exam Number/Code:** 000-M35

**Exam Name:** IBM Info Management Infomix Dynamic Server Technical Mastery

**Questions and Answers:** 42 Q&As

**( IBM certifications III )**

Exam : [000-M35](#)

We provide professional IBM 000-M35 exam information and free demo for 000-M35 certification exam's PDF. It is the best and the latest IBM Practice Exams. Download our 000-M35 PDF. We are committed to your ongoing success. Free PassBible 000-M35 exam and 000-M35 Q&As are constantly being updated and compared to industry standards.

#### **PassBible Test tool's advantages:**

##### **High Quality and Value of 000-M35 exam**

PassBible IBM IBM certifications III 000-M35 Practice Questions is developed and finished by IBM technical team , cover every field of the exam . Besides, we have verified 000-M35 answers,almost 100% correct.

##### **100% Guarantee to Pass 000-M35 Exam**

We promise to give you FULL REFUND if you fail the IBM certifications III 000-M35 certification(IBM Certified Network Associate) with the use of our PassBible testing engine.

##### **000-M35 Self Test Mode**

PassBible provides a simulated and interactive environment where you can test your knowledge and skills about 000-M35 to ensure enough assurance in real testing center.

##### **Periodic Updates of PassBible 000-M35**

Once there is some change on IBM 000-M35 exam, we will update it timely, and the product you buy will be updated within 90 days for free.

##### **Professional and Efficient Service**

We offer 7\*24 customer support via diverse channels: LIVE CHAT,MAIL.Expecting the communication with you about IT certification.

This 000-M35 pdf demo do not include the questions and answers's picture.

Exam : IBM 000-M35

Title : IBM Info Management Infomix Dynamic Server Technical Mastery

1. A small dentist office uses IDS as the backend database for their operational system. A small Intel-based system with a single processor and 2 GB of memory is used. It also runs the Windows operating system. Which edition of IDS is the minimum required?

- A. IDS Express Edition
- B. IDS Workgroup Edition

C. IDS Enterprise Edition

D. IDS Developer Edition

Answer: A

2. Which of the following is a key benefit that allows IDS to excel in the small-medium business marketplace?

A. It only supports a small number of users

B. Data can be exported to flat files

C. Only a single IDS instance can be online and active at a time

D. Autonomic features offer near hands-free administration

Answer: D

3. What size businesses is IDS targeted to?

A. Medium-sized businesses only

B. Large, medium, and small businesses

C. Small businesses only

D. Small businesses with a team of database administrators

Answer: B

4. The MACH11 high availability technology in IDS offers which of the following benefits?

A. The ability to replicate subsets of a database

B. The ability to create multiple secondary copies of the primary server

C. The ability to replicate data between different versions and editions of IDS

D. The ability to achieve redundancy using expensive hardware and third party software

Answer: B

5. Which of the following statements about MACH11 high availability technology is true?

A. It requires high speed interconnect technology between nodes

B. It works only in a shared disk environment

C. It requires additional technology for disaster recovery

D. It provides multi-site, geographically remote availability

Answer: D

6. Which of the following administrative processes can IDS handle automatically?

A. Storage provisioning

B. Statistics collection

C. Database schema optimization

D. Data re-distribution

Answer: B

7. Which of the following is a key benefit of IDS?

A. Functional extensions can be added to support new business problem domains

B. Existing solutions do not scale as the business grows

C. Uptime of at most 80% can be achieved using continuous availability features

D. Databases must be administered by a local database administrator

Answer: A

8. In which of the following scenarios is IDS the best fit?

A. Applications with variable and dynamic data records

B. Large data warehouses requiring cubing and analytics

C. Applications requiring dedicated hardware as part of the solution

D. High-transaction OLTP workloads

Answer: D

9. What is the smallest unit of physical I/O in an IDS server?

- A. Chunk
- B. Extent
- C. Page
- D. Dbspace

Answer: C

10. Which statement about the OpenAdmin Tool (OAT) is true?

- A. It is only available for IDS Express edition
- B. It is a separate, add-on feature that is chargeable
- C. It can manage hundreds of local or remote IDS instances
- D. It can manage, monitor, and administer local databases only

Answer: C
